Your bowling handicap allows you to compete against other bowlers with varying levels of skill and ability with an equal chance of winning. A bowling handicap is a percentage of the difference between your average and a basis average. If you've never bowled in a league, don't worry. Your handicap will be automatically calculated and added to your scores.

Here is a basic scale:

Average – Handicap (per game)

50	135	130	63
60	126	140	54
70	117	150	45
80	108	160	36
90	99	170	27
100	90	180	18
110	81	190	9
120	72	200	0

Vacancy/Absentee Scores:

A vacancy score of 100 plus handicap will be used for teams without full rosters.

In the absence of an established bowler, an Absentee score will be used. The score used will be the absent bowler's average minus ten (10) pins plus handicap.

As with handicaps, the computer will keep track of these adjustments.

Point System:

The League will use the standard team point system.

2 points are awarded to the winner of each team game
